

Promising Projects Award

Eligibility & Selection Procedures

This award was established in 2002 by the Illinois Association for Gifted Children to show monetary support for projects created by teachers of gifted children. Eligible projects must be specifically designed and differentiated to meet the needs of gifted students. The money may be used to purchase or pay for related field trip expenses. One or more awards will be given each year, not to exceed a total dollar amount of \$500.

Any current IAGC member may apply for the Promising Projects Award.

Application Process

To apply, complete and submit the online application form by November 15:

<https://iagc.wufoo.com/forms/promising-projects-award-application/>

Before starting the application, you will need to have the following documentation prepared (you will NOT be able to save and return to the application): A written document that explains your project, including the following

1. Overview of and rationale for the project
2. Population of gifted students in Illinois that will benefit from this project
3. Number of students and grade levels involved
4. Objectives addressed by the project
5. Budget
6. Plan for evaluation/assessment
7. Dissemination of the results

Questions? Contact IAGC at 847/963-1892

The award will be made on the basis of demonstrated benefit to gifted students. The IAGC Awards & Scholarships Committee will review all applications and present its selection to the IAGC Board of Directors for final approval.

The recipient will be notified by January 1, and will be recognized at the IAGC Annual Convention.
